

Strategic Advisory Services, L.L.C.
d/b/a: Strategic Advisory Services, LLC

FORM CRS

Strategic Advisory Services, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Financial Planning Services; Portfolio Management Services and Selection of Other Advisers**. Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/108706>.

Account Monitoring If you open an investment account with our firm, as part of our standard service we will monitor your investments on a quarterly basis.

Investment Authority We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We may offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings We offer advice on the following types of investments or products: mutual fund shares and ETFs.

Account Minimums and Requirements We do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate an account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively. The third party manager we often recommend, typically has a minimum dollar amount to open and maintain an advisory account; however, it can be waived at our discretion.

What fees will I pay?

- **Asset Based Fees** - Payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value.
- **Hourly Fees** - Payable In arrears as invoiced;
- **Fixed Fees** - Payable In arrears as invoiced;
- **Other Advisory Fees** - In addition to our fees, third party managers also charge their own fees, which are separate from our fees.
- Clients may pay the following additional fees and/or expenses. Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Account maintenance fees;
- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments;
- For separately managed accounts, additional investment management fees may be charged by the custodian.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- We do not make any money from our investment advisory services except as described above.

Refer to our Form ADV Part 2A <https://adviserinfo.sec.gov/firm/brochure/108706> to help you understand what conflicts exist.
